Injuring Your Own Player

by Mrs. Pittman

At one of Ace's football practices, the quarterback ran into a running back and caused a large gash on the back's face when his teeth "got caught" on the running back's cheek. The running back needed stitches and the quarterback had to go to the dentist to get his front teeth checked out. His own man caused him to be injured. How often in our day to day life do we injure our own man or woman--people who are on the same team we are on--like our classmates, our parents, our teachers? We injure the teammates God has blessed us with by our mean and hurtful words, with gossip, our attitudes, and our actions.

The quarterback was really sorry for the accident. The fact is that regardless of how sorry he was the running back was still injured and in pain. The scar on his face is real. When you hurt someone with your words or actions the pain is still real. It hurts when someone on your team makes you feel bad.

The quarterback did not have a mouthguard (a special devise that protects your teeth while playing sports). If he had his mouthguard in, his teeth would not have been hurt and the running back's cheek would not have been injured. Psalm 141:3-4 says, "Set a guard over my mouth, O Lord; keep watch over the door of my lips. Let not my heart be drawn to what is evil, to take part in wicked deeds with men who are evildoers; let me not eat of their delicacies."

We need to ask God to guard our mouths so that we do not cause harm to others and so that we will not be drawn into the ways of Satan! Let's stop injuring our own players by letting God guard our mouths.
