The Morpher by Zion

If I could make my own hat I would call it “The Morpher”. It could morph into any thing you want it to. It could morph into a helicopter, or a car too if you want it to be. It can be a solar charger for an electrical device. It can turn into a Nintendo 3ds or Xbox 360 or even a huge boat. It can also be a house. It will cost about \$600,000 dollars for adults; for kids \$300. Results may vary.

The Beautiful Seasons by Kira

In summer it is super hot,

in winter it is so not.

In fall all the green leaves start to turn brown and fall ,

and in spring all the pretty pink flowers start to bloom and grow.

I'm writing about what may have happened to my pen.

And all you people are suspects.

I got my eye on you people.

I expect the unexpected.

I need clues, proof, and a partner for this dreadful crime.

I'm watchin' all you!

Elijah, “my pen.”
